

drift diver specialty

The PADI Drift Diver Specialty Course introduces you to the coolest magic carpet ride you'll ever experience. This course shows you how to enjoy rivers and ocean currents by "going with the flow," staying with your dive partner, communicating with the dive boat and knowing where you are the whole time.

The course consists of:

- Planning, organization, procedures, techniques, problems and hazards of drift diving
- An introduction to drift diving equipment – floats, lines, reels
- Buoyancy-control, navigation and communication for drift diving
- Site selection and overview of aquatic currents - causes and effects
- Techniques for staying close to a buddy or together as a group
- Certification counts toward the PADI Master Scuba Diver rating.
